Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.
Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.
Total school tax rate is a district's total tax rate as it appears on local property tax bills.
Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.
Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. These performance measures include only those test scores for the grades and subjects included in your school.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3, 4, 5, 7, and 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to students in state-approved transitional bilingual programs. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Schools with grade 2 as the highest grade in the school use a state-adopted test in reading and mathematics to meet this requirement.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Three Conditions Are Required For Making Adequate Yearly Progress (AYP)

1. At least 95.0% tested for Reading and Mathematics for the All Group and Subgroups. If the current year's participation rates are less than 95%, the participation rate for AYP will be considered sufficient if the average of the current year and the preceding year is at least 95%, or if the average of the current year and the two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% but 'Met AYP' is 'Yes', it means the 95% condition was met by averaging.

2. At least 40.0% Meeting/Exceeding Standards for Reading and Mathematics for the All Group, and at least 37.0% for all Subgroups to compensate for error in measurement for smaller subgroup sizes, or meet Safe Harbor requirements***

3. At least 89.0% Attendance Rate for Non-High Schools or at least 66.0% Graduation Rate for High Schools

* Includes only students enrolled as of 9/30/03.

** Safe Harbor Targets of 37% or above are not printed.

*** Subgroups with fewer than 40 students are not reported. Safe harbor only applies to subgroups. In order for safe harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. Safe harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT

This is the final section of the school report card in which your school and district provide information below on areas of success and areas for planned improvement based on your school's improvement plan.

(For report cards disseminated electronically, this information may be provided in a separate document due to differences in the software used. If you are unable to locate this document, please contact your local school or district office.)

Dear Hawthorne School Families,

During the beginning months of the 2004-2005 school year, the Hawthorne School Staff participated in a number of activities to generate goals for our students. While our expectations for students continue to be high, we realize that there are areas in which we can improve. Through our staff discussions and a critical look at the data which is provided by the Illinois State Board of Education, we generated the following goal areas to be addressed in our School Improvement Plan. Please note that all staff members at Hawthorne School are members of our School Improvement Team.

Target Areas for Student Improvement and Measures of Achievement

- 80% of students in 3rd grade and 60 % of students in 5th grade will meet/exceed standards in the area of reading as measured by the 2005 ISAT Reading Test.
- 87% of students in 3rd grade and 80% of students in 5th grade will meet/exceed standards in the area of mathematics as measured by the 2005 ISAT Mathematics Test.

Rational for Target Selection

- The goals for our reading and math areas are based on a 2% increase in the meets/exceeds categories in the areas of reading and math for our students in grades 3 and 5. This 2% increase is based on the analysis of the 2004 ISAT assessments given in April of 2004.

Strategies for Improvement

- Examine building level test score data to determine performance levels of students in the areas of reading and math.
- Provide and participate in professional development activities in the areas of reading and math.
- Develop and implement building-wide reading and math extended response activities.
- Provide opportunities to support students through active parent involvement

Professional Development Opportunities

- Attendance at professional development activities in the areas of reading and math sponsored by the DuPage County Regional Office of Education.
- Attendance at professional development activities in the areas of reading and math instruction offered by CUSD 200.
- Utilize staff member expertise in the areas of reading and math as school-wide activities are developed and implemented.

It is our hope that through these efforts, we will make improvements in the areas of reading and mathematics. We also know that parental support is an important part of the success of our students. Together we will continue to make great strides in the lives of our students.

Sincerely,
John Patterson, Principal
