ILLINOIS
SCHOOL
REPORT
CARD

GRADES : K 1 2 3 4 5

State and federal laws require public school districts to release report cards to the public each year.

Starting in 2009, charter school information is included in district statistics.

STUDENTS

RACIAL/ETHNIC BACKGROUND AND OTHER INFORMATION													
	White	Black	Hispanic	Asian/ Pacific Islander	Native American	Multi racial /Ethnic	Low- Income Rate	Limited- English- Proficient Rate	High Sch. Dropout Rate	Chronic Truancy Rate	Mobility Rate	Attendance Rate	Total Enrollment
School	85.5	2.4	2.8	5.2	0.0	4.1	4.5	2.2		0.2	6.5	96.3	462
District	75.0	7.0	10.6	4.3	0.0	3.1	20.5	7.4		0.9	12.5	95.2	13,299
State	53.3	19.1	20.8	4.1	0.2	2.5	42.9	8.0		3.7	13.5	93.7	2,070,125

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

INSTRUCTIONAL SETTING

PARENTAL CONTACT*		STUDENT-TO-STAFF RATIOS			
	Percent	Pupil- Teacher Elementary	Pupil- Teacher Secondary	Pupil- Certified Staff	Pupil- Administrator

OTHER FINANCIAL INDICATORS				
	2006 Equalized Assessed Valuation per Pupil	2006 Total School Tax Rate per \$100	2007-08 Instructional Expenditure per Pupil	2007-08 Operating Expenditure per Pupil
District	\$228,016	3.88	\$6,780	\$11,189
State	**	**	\$6,103	\$10,417

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

The 2007-08 school year was the first time that Limited English Proficient (LEP) students took the ISAT or PSAE (with accommodations) instead of the IMAGE test. Therefore, any comparisons with prior year's achievement levels for LEP students should be made with appropriate caution.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 70.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 70.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have 70.0% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 90% attendance rate for non-high schools and at least 78% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2008.

** Safe Harbor Targets of 70.0% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

Wiesbrook Elementary School Improvement Plan

2009-10

Across all grade levels, Wiesbrook students continue to perform at a high level in reading and math as indicated by the 2008 Illinois Standards Achievement Test (ISAT) scores. Of the 230 students tested, 93% met or exceeded state standards in reading, and 97.8% met or exceeded state standards in math. The information provided here is a brief summary of the goals included in Wiesbrook School Improvement Plan for 2009-10.

Target Area for Students Improvement

1. All students will increase the average items correct on the ISAT to 22 out of 26 items in the sub-strand area of reading comprehension.
2. Mathematical achievement will improve by increasing the overall percentage of students meeting or exceeding to 98%.

Rationale for Target Selection

- **Reading:** Our school improvement efforts are based on the sub-strand scores of reading comprehension. The Wiesbrook School Improvement Team analyzed the assessment frameworks and learned that 47-53% of the items on the ISAT test come from Standard 1C-Reading Comprehension. Further drilling down into local assessment tests showed that non-fiction was weaker than fiction. Emphasis will be given to the area of inferential comprehension of non-fiction texts.
- **Math:** Specific types of questions were targeted for school improvement. Drilling down into local assessments, the School Improvement Team noticed themes to the types of questions students missed. These common threads were questions that included key vocabulary, real world situations, and multi-step problems.

Strategies for Improvement

- Using a variety of assessments, teachers will monitor student progress in reading and math and provide needed interventions for at-risk students.
- Teachers will focus on teaching inferential non-fiction comprehension strategies to improve reading instruction.
- The staff will analyze local assessment data to target specific questions that involve key vocabulary, real world situations, and multi-step problems.

Professional Development Opportunities

- Grade level teams will collaborate in planning lessons to teach non-fiction inferential comprehension. These lessons will be shared with teachers at monthly staff meetings.
- The School Improvement Team will develop monthly workshops for teachers to improve reading, math, and writing instruction.
- Teachers will participate in professional development opportunities provided by District 200 such as in-service days, workshops, and grade level meetings.
